

## Building tomorrow's minds : On the shoulders of teaching giants in the bush capital

I would like to nominate Jane McKeough, an amazing Teacher at St Michael's.

When teachers talk about Jane they use the words "unassuming and gracious".

Jane has dedicated herself to sharing her love of the Arts with our school community over many years. Her ability to engage the students in Art appreciation is inspirational. Over the years she has assisted our students to appreciate the work of many artists and be inspired to create individual responses.

Jane has shared her love and joy of the Arts with the Kaleen community and is responsible for multiple Art shows and preparation of art instalments over the years.

Her latest Book Week creations are incredible, when Children's Author Sue Whiting recently visited us, she was moved to tears by Jane's creations and interpretations of her work.

In keeping with high impact teaching practice, Jane uses explicit direct instruction in her Arts classes and the students are so excited to engage in Arts each week.

Jane deserves to be recognised as a dedicated, creative and amazing teacher who shares her passion with everyone.
