

Building tomorrow's minds :

On the shoulders of teaching giants in the bush capital

Rabab is a very competent Arabic teacher. She has a number of qualities that make her a distinguished teacher: engaging teaching style, patience, strong communication skills, a good listener and adaptable.

She has an excellent rapport with her students and is able to motivate them to learn Arabic. She loves her profession!

Although relatively new to ISC, her impact is huge on students' learning and achievement in Arabic language.

Students love her classes and we continuously receive positive feedback from parents about her.

Students look forward to being in Rabab's classes. As the principal, I can say with confidence that Rabab is a "teaching giant, empowering the minds of tomorrow" and inspiring them.
