

## Building tomorrow's minds : On the shoulders of teaching giants in the bush capital

Maddie began as an Early Career Teacher in 2021 at St Anthony's Parish Primary School.

Maddie has taught Year 1 for the past 3 years and has made a significant impact on the lives of many of her students. She is a committed teacher who has been instrumental in our professional learning program Catalyst informed by the Science of Learning across St Anthony's.

Maddie is a nurturing teacher who strives to meet her students where they are at, in order for them to achieve success in the classroom. Her consistent reflective practice is a true testament to the dedicated teacher she is.

Not only is Maddie a professional teacher, she is a considerate colleague and valued member of St Anthony's Parish Primary School.

Maddie thrives on her involvement in extracurricular activities at school, always the first to put her hand up to help another or volunteer her time.

Whether it be a school fete, walk or ride to school day, staff wellbeing activities, school discos, community BBQs and brekkies, Maddie is there.

The wellbeing of others is a clear focus for Maddie and St Anthony's Parish Primary School feel very blessed to have her on our staff and as a part of our community.
